Partial inspections performed by Architect//Engineer of record ( ) Yes, Date(s) \_\_\_\_\_ ( ) No

*I agree to hold the Village of Wellington, its agents and authorized personnel, harmless and relieve them from any responsibility or liability for any legal action or damage, cost or expense, including but not limited to attorney's fees resulting from substituting the design professional. I furthermore assume responsibility for corrections, if required, of work performed under the permit for which I am requesting substitution of the design professional. In the event there has been a change of ownership of the property, the new owner assumes the responsibility for notifying the previous owner of his and/or her intent to substitute the design professional. I am also certifying that I understand and fully comply with the requirements of Chapter 61G15-27 (Engineers) and/or 61G15-18 (Architects). \*For a more detailed explanation of the requirements, see attached page.*

## **\*FAC Code Requirements for Change of Architect and/or Engineer**

### **61G1-18.002 Procedures for a Successor Architect Adopting as His Own the Work of Another Architect.**

(1) A successor registered architect seeking to reuse already sealed contract documents under the successor registered architect's seal must be able to document and produce upon request evidence that he has in fact recreated all the work done by the original registered architect. Further, the successor registered architect must take all professional and legal responsibility for the documents which he sealed and signed and can in no way exempt himself from such full responsibility. Plans need not be redrawn by the successor registered architect; however, justification for such action must be available through well-kept and complete documentation on the part of the successor registered architect as to his having rethought and reworked the entire design process. A successor registered architect must use his own title block, seal and signature and must remove the title block, seal and signature of the original registered architect before sealing, signing and dating any sealed contract documents.

(2) Prior to sealing, signing and dating work, a successor registered architect shall be required to notify the original registered architect, his successors, or assigns by certified letter to the last known address of the original registered architect of the successor's intention to use or reuse the original registered architect's work. The successor registered architect will take full responsibility for the drawing as though they were the successor registered architect's original product.

*Rulemaking Authority 481.2055 FS. Law Implemented 481.221(4) FS. History—New 1-16-86, Amended 5-16-89, Formerly 21B-18.002.*

### **61G15-27.001 Procedures for a Successor Professional Engineer Adopting As His Own the Work of Another Engineer.**

(1) A successor professional engineer seeking to reuse already sealed contract documents under the successor professional engineer's seal must be able to document and produce upon request evidence that he has in fact recreated all the work done by the original professional engineer. In other words, calculations, site visits, research and the like must be documented and producible upon demand. Further, the successor professional engineer must take all professional and legal responsibility for the documents which he sealed and signed and can in no way exempt himself from such full responsibility. Plans need not be redrawn by the successor professional engineer; however, justification for such action must be available through well-kept and complete documentation on the part of the successor professional engineer as to his having rethought and reworked the entire design process. A successor professional engineer must use his own title block, seal and signature and must remove the title block, seal and signature of the original professional engineer before reusing any sealed contract documents.

(2) Prior to sealing and signing work a successor professional engineer shall be required to notify the original professional engineer, his successors, or assigns by certified letter to the last known address of the original professional engineer of the successor's intention to use or reuse the original professional engineer's work. The successor professional engineer will take full responsibility for the drawing as though they were the successor professional engineer's original product.

*Specific Authority 471.033(2) FS. Law Implemented 471.033(1)(j), 471.005(6) FS. History—New 8-25-87, Amended 4-21-88, 8-3-88, Formerly 21H-27.001.*
